

Funeral Flower Guide

I provide funeral flowers in and around Droitwich for delivery within ten miles. I personally deliver all flowers to ensure they arrive in the best of condition. If you live outside my delivery area, you're welcome to order and to collect your funeral flowers from me.

I make my funeral flowers using fresh British flowers and greenery grown locally within season and imported flowers over the winter months. I use eco friendly methods with either recyclable or compostable foam-free mechanics. If you have a preferred colour scheme or flower please discuss this with me, however unfortunately due to flower seasonality I may not always be able to accommodate specific flower requests.

Casket Spray

An arrangement to be placed on top of the coffin. I make these on an eco-friendly base to ensure they have the smallest environmental impact possible.

90cm/3ft - £160+
120cm/4ft - £220+

Deconstructable Casket Spray

This arrangement has the same look as the traditional casket spray but can be split down into 6-8 handed bunches which can be taken away to decorate the wake and/or gifted to friends/family of the deceased.

100cm/3ft - £200+
140cm/4.5ft - £250+

Sheaf

A large flat backed bouquet, this lies on the coffin with its own water source and is wrapped in hessian.
